

June 10th 2010

Dear Sponsor,

Thoroughbred Exhibitors Association will be putting on an open schooling show near you! TEA is a family oriented organization dedicated to the survival and promotes the versatility within the Thoroughbred horse.

Many of the horses which are ridden in TEA and other shows are previous race horses and many have been rescued from auctions or neglectful conditions in the general horse populace. TEA requests their competitors to show their horses under their registered names whenever the history is available to help keep them from disappearing into the anonymous ranks of other grade horses.

We also accept horses post inspection under hardship clauses as 1/2 TB's when there are enough characteristics & conformation evidence to indicate a majority presence of Thoroughbred blood. TEA usually hosts 3 shows per year in Canby, OR and this will be our first show hosted in Washington State. We look forward to the opportunity of introducing the versatility of the thoroughbred to local horse owners and merchants.

Our show will be held July 18th 2010 at Jim's Place 1613 NE 259th St, Ridgefield, WA.

Classes offered for english and western riders of all ages and disciplines.

There are jumping, equitation, pleasure, halter, and trail horse categories.

Sponsorship of any kind for our upcoming event will be greatly appreciated and your name and business will be announced throughout our event and listed on the web, Facebook and also in our newsletters.

Single class sponsorship is \$15.00 or two classes for \$25.00 People and horse items accepted toward Hi Point prizes. We invite you to visit our web page for more history and information on our organization. Sponsors are now listed on our web page under show results and we would be pleased to add your business link to our page as a sponsor of our events.

Sincerely,

Sarah F. G. Posey
